

Supported by

The Thumbs Up Art Trail

Our Vision: A full and fulfilling life for every individual

Our Mission: Enable adults with intellectual disabilities to actively engage in the full life of their community, through participation, contribution and meaningful and respectful relationships with others.

We are based at 5 Elizabeth Street in Petone and most of our people attend our service 3 to 5 days a week. Our program is very diverse and based upon Individualised Personal Plans and is a mixture of group activities where fun and socialisation are the highlights and one to one time where they can really focus on their personal goal development.

Thumbs Up believes that every person wants to be a part of and connected to their local community; not only to receive support from the community but also to be able to contribute to it. We spend more than half of our time out in the community and you have likely seen us about on Jackson Street.

Our artists have been busy painting a large number of paintings which we are now proud to present to you. You can follow our art trail along Jackson Street and meet the wonderful people in the community that support us. Some of our paintings are on display at our premises and you are welcome to come and have a look at them too. The paintings in the art trail are not for sale at this time, but if you do want to purchase a painting from one of our artists or be involved with our service, please do contact us.
